Tom,

No, as I stated on our call earlier, I have just received a revised 22 STATES ICA template Friday. The previous version had been taken down for updates several weeks ago.

RE: Negotiations for Intrado, Inc. for IL and TX

Jim,

Had you ever sent me the 22-State with the edits as discussed below?

"Once we receive your updated version, we will update it to include our proposed edits (likely representing many of the same open issues we have not brought to closure in the 13-STATE template). "

Thanks,

Tom,

I am agreeable to that approach, but need to know if you plan to have attorneys on the call.

Jim,

We are currently downloading your 22STATE template and are agreeable to use that template as our base

9/15/2008

document for TX and IL negotiations. It would be helpful if you were to insert the previously "agreed upon" language into the template.

Once we receive your updated version, we will update it to include our proposed edits (likely representing many of the same open issues we have not brought to closure in the 13-STATE template).

As I have implied in the past, geography does not alter what we have stated to be our interconnection needs, so many of the open issues in the 13-STATE agreement will likely remain in our TX & IL negotiations, unless they are resolved by your new template.

Please acknowledge your agreement with this approach and provide possible dates next week when we may meet to discuss the open issues and next steps.

Thank you,

Tom Hicks

Jim,

We are reviewing your 22-State template for IL and TX application, but we require an unprotected copy so we may enter our red lines.

Can you please forward me an unprotected copy?

Thanks,
